

## Baby Pix, LLC Release of Liability

Baby Pix, LLC offers elective prenatal ultrasound for an entertainment keepsake. This ultrasound session will not provide any assumptions, diagnosis, or medical input of any kind and is not intended to take the place of a diagnostic ultrasound or any other medical procedure(s) recommended by your physician or health care provider.

In consideration of the services of Baby Pix LLC, I understand, acknowledge and agree as follows:

This ultrasound is an elective, non-medical service that I have voluntarily requested and I am not obtaining this as a replacement for, or in lieu of, standard medical care.

I am under the care of a physician or health care provider for the medical diagnosis, input, and recommendations relating to my pregnancy. My health care provider ultimately will confirm my due date, screen for fetal abnormalities and/or any abnormalities related to my pregnancy.

The sonographer performing the ultrasound is not a doctor and will not interpret diagnostic medical conditions or otherwise offer medical conclusions regarding the images.

I understand that the obtained images will not be reviewed by a radiologist or physician.

I agree that I have no right of recourse against Baby Pix, LLC for any medical malpractice, professional negligence or medically related claims arising out of the use of this keepsake service.

The sonographer will make no attempt to provide a medically inclusive ultrasound or confirm fetal well-being.

I understand that I am responsible for contacting my health care provider if any questions arise concerning any issues relating to this ultrasound session or any aspect of my pregnancy.

I realize and understand the quality of my ultrasound images depends upon many factors including body habitus (weight), developmental stage, fetal position, and amniotic fluid levels. I understand that Baby Pix LLC does not guarantee the quality of the images or the ability to visualize any characteristics of the fetus such as gender or face.

Images are not stored by Baby Pix LLC.

I further understand that factors beyond the control of Baby Pix LLC may also affect the ability to accurately determine the gender of the fetus, and that there is no warranty or guarantee as to the accuracy of any such determination or opinion.

I further understand that while ultrasound is believed to have no harmful or adverse effects on the mother or the fetus, further research or other information may disclose harmful or adverse effects that are presently unknown.

I agree to release, hold harmless and not sue Baby Pix LLC and any of its employees with respect to any and all claims of injury, harm, or other loss or damage to person suffered by me or my unborn child arising from this ultrasound session.
